STOCKS RECOVER  
ON WALL STREET

Railroads and Steel and Equipment Shares Gain After Submarine Scare.

NEW YORK, Oct. 14.—The stock market opened irregularly today, but with recoveries from the low prices resulting from the submarine scare.

Advances were general in the railroad list. Steel and equipment shares showed fractional changes, but mostly on the up-grade.

During the first hour there was considerable liquidation, and United States Steel fell back to 108 1/4, off 1/4 from its opening.

Traders watched the submarine news with some nervousness and played safe during the half-day session today. Price movements were irregular, and there were many fractional declines as road adjustments were made. Steel sold down to 108 1/4. The close was firm.

GEORGETOWN GAS BID  
ESTABLISHED AT 65

Washington Gas Light Fractionally Firmer on Local Change After Decision.

Effects of the District Supreme Court's decision in the cases affecting ownership of 2,500 shares of Georgetown Gas stock, which has been held by the Washington Gas Light Company, were reflected in prices established for Georgetown Gas stock on the Washington Stock Exchange today.

Bid for quotation lots of the stock was fixed at 65, and offerings were made at 60. These figures compare with a sale price of 90 established several months ago.

Washington Gas Light stock was practically firmer. After five shares of the stock, which sold ex dividend yesterday, had been disposed of at 70, the bid for quotations was raised 1/4 of a point to 89 1/4.

Capital Traction and Mergenthaler Linotype stocks were in better demand. A total of 50 shares of the former stock sold at 53 1/2, after which the bid for quotations was established at 52 1/2. Mergenthaler sold up from 16 1/2 to 16 3/4 on sales of 30 shares.

Other sales recorded on call included two Potomac Electric Power Consolidated 5 per cent bonds at 101 1/4, and three Riggs Realty (long) 5s at 102.

The Safest Investment

Are those that do not fluctuate during disturbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "sift-edge" investments, and they do not depend upon the financial responsibility of individuals or corporations for their stability. We can supply such investments in amounts from \$500 upward. Send for booklet, "Concerning Loans and Investments."

COUNTING BALLOTS IN  
U.S. EMPLOYEES' UNION

Government Clerks Eagerly Await Result of Election of Officers.

The eyes of all Government employees who are members of the Federal Employees Union are turned toward the offices of the organization today awaiting the announcement of the result of the election of officers for the union.

For ten days there has been a spirited campaign in progress. All of the old officers of the union were nominated for re-election, but there were also from four to seven nominees for every one of the nine general offices, and for the 110 posts on the board of representatives. More than 5,000 ballots were distributed by the election officers of the union, and at 5 o'clock last evening, when the polls were closed, the tellers commenced counting the ballots.

The Federal Employees Union was formed last winter at the time the Board amendment was proposed creating an eight-hour day for Federal employees. The union started out with representation in every Government department, and its membership and importance increased as the organization grew. It affiliated immediately with the American Federation of Labor, and is now regarded as one of the strongest of the local unions.

Other sales recorded on call included two Potomac Electric Power Consolidated 5 per cent bonds at 101 1/4, and three Riggs Realty (long) 5s at 102.
